

European EMS Championship – Competition Plan

PRELIMINARY ROUNDS

In the preliminary rounds, the 16 selected teams will compete in two simulated scenarios, both will be within the area of what prehospital healthcare professionals can encounter in a real-life scenario. The maximum duration of each scenario in the preliminary rounds is 15 minutes. Teams will be allowed a specific time slot that will be set to allow for familiarisation with manikins and equipment.

WEDNESDAY 4 MAY 2022

EMS CHAMPIONSHIP FINALS

The final round will be a full-scale simulation in the congress hall with multiple patients displaying various illnesses or injuries. The three teams with the highest score from the preliminary rounds will be selected for the finals. The team with the 4th place in the preliminary rounds will participate in a trial run for the final scenario behind closed doors.
